

The **LITTERPICKER**®

The Litterpicker® range is unsurpassed for function, ergonomics and application. Tough, dependable and the World's Number 1 selling litter clearance hand tool. Whatever Litterpicker® you choose, you know you've picked the best.

The new Litterpicker® '08 has improved grip, increased visibility and is available in a handy new adult size. Rubber teeth hold items more securely than ever before. Reflective strips and vibrant colour ensures you can always be seen.

Ideal for all litter picking duties

Our Litterpickers® are tried and tested providing effective pick-up, every time. Suited to general litter picking duties, whatever the weather or environment.

The standard range starts at 45cm long for precise safe handling of items you just don't want to touch. Whilst our longest standard Litterpicker® is a lengthy 2.4m. Ideal for items normally well out of reach! There is even a funky child size Litterpicker® – unleash the Grapter squad!
